

Roadmaps are recommended semester-by-semester plans of study for programs and assume full-time enrollment unless otherwise noted. Courses and milestones designated as critical (marked with !) must be completed in the semester listed to ensure a timely graduation. Transfer credit may change the roadmap. This roadmap should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor/mentor each semester. Requirements, course availability and sequencing are subject to change.

Course Subject and Title	Credits	Important Notes
Year 1, Fall Semester: (9 credits)		
Participation in / Completion of		
GLOH 5000: Introduction to Global Health	3	
GLOH 5200: Global Health and Implementation Science	3	
Year 1, Spring Semester: (6 credits)		
Participation in / Completion of		
GLOH 5705: Practice in Global Issues	3	
PUBH 5030: Methodological Approaches to Understanding Public Health	3	See Program Notes

Program Notes

Minimum Total Certificate Credits: 12

Certificate may be completed concurrently with any MPH degree.

PUBH 5030: Students who have already taken PUBH 5030 or its equivalent in the MPH core curriculum or through another certificate will need to replace PUBH 5030 with another 3-credit course. Students may replace it with any course that contributes to their global health career objectives in consultation with their global health faculty advisor (examples include BSH 5310: Health Communication, BSH 5450: Introduction to Qualitative Methods, BSDP 5209: Emerging Infections, BST 5610: Spatial Epi & Disease Mapping, EPI 5110: Infectious Diseases Epidemiology, EPI 5120: Chronic Diseases Epidemiology, and EPI 5020: Environmental Epidemiology)

PLEASE NOTE: This roadmap is an example of what a plan could look like for a typical student. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.
