

This roadmap is a recommended semester-by-semester plan of study for this program. The plan shown assumes full-time enrollment. Courses and milestones designated as critical (in boldface and shaded areas) must be completed in the semester listed to ensure a timely graduation. The semester a course is offered is subject to change.

Course Subject and Title	Credits	Important Notes
Year 1, Fall Semester: (14 credits)		
Participation in / Completion of		
MPH Professional Development Series: Completion of 6 sessions required during Year 1 (prerequisite for PUBH 5910: Practice Experience in Public Health)		
PUBH-5020: Ethical Issues in Public Health	3	MPH Core
PUBH-5060: Environmental and Biological Determinants of Health	3	MPH Core
PUBH-5030: Methodological Approaches to Understanding Population Health	3	MPH Core
PUBH-5010: Mission and Practice of Global Public Health	2	MPH Core
PUBH-5040: Generating Evidence from Public Health Data	3	MPH Core
Year 1, Spring Semester: (9 credits)		
Participation in / Completion of		
MPH Professional Development Series: Completion of 6 sessions required during Year 1 (prerequisite for PUBH 5910: Practice Experience in Public Health)		
PUBH-5070: Translating Evidence and Theory for Community Practice	3	MPH Core
BST-5100: Introduction to General Linear Modeling	3	Concentration
EPI-5020: Epidemiology Methods II	3	Concentration
Summer I: (1 credits)		
Participation in / Completion of		
PUBH-5910: Practice Experience in Public Health	1	MPH Core; See information in Program Notes
Year 2, Fall Semester: (9 credits)		
Participation in / Completion of		
EPI 5230: Advanced/ Applied Epidemiology Methods	3	Concentration
PUBH-5050: Health Care Across the Lifecourse: From Policy to Practice	3	MPH Core
XXX-####: Elective:	3	Elective; See information in Program Notes
Year 2, Spring Semester: (9 credits)		
Participation in / Completion of		
PUBH-5960: Integrated Capstone	3	MPH Core/Concentration
EPI-#### Selective	3	Selected EPI Elective; See information in Program Notes
XXX- ####: Elective	3	Elective; See information in Program Notes
PUBH-5950: Special Study for Examinations	0	MPH Core; See information in Program Notes

Program Notes

Minimum Total Degree Credits: 42

PUBH-5910: Internship/Practice Experience Mentor approval required. Can be taken in the summer between 1st and 2nd year or during the 2nd year.

XXX-#### Elective: Academic advisor approval required. Elective should be selected in consultation with your academic advisor from the list of approved electives (which includes concentration specific classes as well as other approved courses) or non-approved courses with express approval from the academic advisor. Students that are pursuing a Certificate on top of their MPH should, in consultation with their academic advisor, draw their elective choices from the list of courses required for the Certificate

EPI-#### Selective: Must be selected from the list of EPI prefix courses, including the doctoral level Systematic Review and Meta Analysis course.

Elective courses can be taken in alternate semesters when appropriate for the student's educational interests.

PLEASE NOTE: This roadmap is an example of what a plan could look like for a typical student. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

This roadmap is a recommended semester-by-semester plan of study for this program. The plan shown assumes full-time enrollment. Courses and milestones designated as critical (in boldface and shaded areas) must be completed in the semester listed to ensure a timely graduation. The semester a course is offered is subject to change.

Students pursuing a Certificate on top of their MPH degree must take a minimum of 48 credit hours.

PUBH-5950: Registration in this class indicates student has completed coursework required to sit for the Certified in Public Health (CPH) exam in the spring semester.
